OCCUPATIONAL HEALTH & SAFETY MANAGEMENT SYSTEM (OHSAS 18001) IMPLEMENTATION – 2 DAYS DURATION

THE COURSE OBJECTIVES

To enable delegates to understand and implement the principle requirements of OHSAS 18001, the internationally recognised Occupational Health & Safety Assessment Series (OHSAS).

BENEFITS

This practical workshop brings delegates up to date with current thinking on Occupational Health & Safety and thoroughly explores the Management Systems framework defined in OHSAS 18001.

Beginning with a comparison with other internationally recognised management systems (ISO 9001/ISO 14001) delegates work through implementing a management system to enable the development, implementation and continual improvement of an OH&S management system.

WHO SHOULD ATTEND

Anyone with direct responsibility for Occupational Health & Safety, particularly Health & Safety Officers, Supervisors and Managers needing to understand, develop and implement an OHS management system.

THE COURSE PROGRAMME

- Overview OHSAS 18001 – Occupational Health & Safety Assessment Series
- Similarities between OHSAS 18001, ISO 9001 and ISO 14001
- Health & Safety Policy
- Risk Assessment and Management
- Planning and Implementation of an OHS management system
- Checking, Corrective Action and Management Review
- Continual improvement of OH&S performance and management system certification

IN-HOUSE COURSES

This course can be tailored to meet your organisation's needs and held on your premises or at a venue of your choice.

CONTINUING PROFESSIONAL DEVELOPMENT (CPD Points)

Completion of this course will qualify for 14 CPD Points.

CERTIFICATION

All delegates will be awarded a certificate verifying attendance and completion of the course.
